Dear Valued Customers and Business Associates,

As has been widely reported in the media in recent days, there was a voluntary Shell Egg recall in cooperation with the U.S. Food and Drug Administration (FDA) of Shell eggs produced on a farm in North Carolina.

This is to confirm that this Shell Egg recall does not have any physical impact on our Egg supply or on the Egg Products that we produce. In addition, as a further processor, our Egg Products are pasteurized for safety, thereby killing all forms of salmonella.

As a family owned manufacturer, we at Deb El thank you for your continued business and support and we invite you to please feel free to reach out to us if we can be helpful in any way.

Sincerely,

Elliot P. Gibber
